Wrangell Institute, Wrangell, Alaska

March 1965

WRANGELL'S PAST INTERESTING

By Roslyn Jones

Many, many years ago, during the childhood days of our mothers and fathers, a Bureau of Indian Affairs boarding school was founded for the use of Alaskan natives. This school, built on the southern shore of the island of Wrangell in Alaska, was soon named Wrangell Institute.

The purpose of Wrangell Institute was to provide an education for students of Alaska who were not offered such an opportunity in their villages.

Being a junior high school, it housed seventy-one boys and girls. Before entering this school each student had to be at least one-fourth Indian or Eskimo, born in Alaska, and between the ages of ten and eighteen. The seventy-one students were all given sleeping accommodations, three well balanced meals a day, and six hours of schooling each day.

They did not have to pay for their fare to Wrangell, nor for their board and keep, all that was required of them was good citizenship, a certain amount of study each day, and daily cleaning of their new home.

During Wrangell Institute's first years a band, a chorus, a student council, a pep club, and two dorm councils were extra activities for students to participate in. Extra privileges such as attending movies in the town of Wrangell, going on shopping trips, and being on a basketball or baseball team were for students maintaining good citizenship.

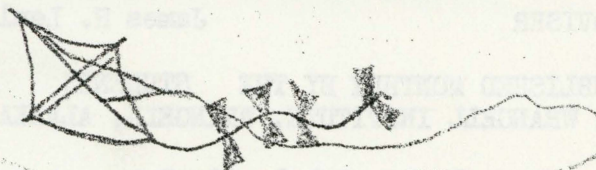

Today Wrangell Institute is still an Alaskan native boarding school. Many of the activities of yesterday are still the activities of today. The same requirements are present, though there is a difference in age requirements. The same opportunities are offered and the same purpose supported.

Each year students from all over Alaska attend Wrangell Institute. This year, 1965, there are two hundred and fifty boys and girls receiving an education at Wrangell Institute.

The grade range has changed since the first years of Wrangell Institute. Today students attend classes from the primary level to the first year in high school. This year ninety one students are in freshmen classes.

Today Wrangell Institute boasts a modern dining hall, a fully equipped school building, and two large dormitories, not to mention the maintenance building, the health center, and the four staff homes.

Alaskans who have and are attending Wrangell Institute are proud of their years spent here. Wrangell Institute is a school of opportunities. Arriving at Wrangell Institute a visitor is awed by the size of the Institute and by the school spirit represented by the students living in it.

A SPRING SONG

Old Mother Earth woke up from her sleep,
And found she was cold and bare;
The winter was over, the spring was near,
And she had not a dress to wear.
"Alas!" she sighed, with great dismay,
"Oh, where shall I get my clothes?
There's not a place to buy a suit,
And a dressmaker no one knows."

"I'll make you a dress," said the spring-
ing grass,
Just looking above the ground,
"A dress of green of the loveliest sheen,
To cover you all around."
"And we," said the dandelions gay,
"Will dot it with yellow bright."
"I'll make it a fringe," said forget-me-
not,
"Of blue, very soft and light."

(Member Columbia Scholastic Press Assoc.)

DATE MOVIES STARTED

The students are now going on Date Movies
in town. They go every other Friday night
at 7:15 P.M.

This is an extra privilege for the students
to have. Six couples can go with the bus
driver as a chaperone.

To go "he" has to personally ask "her"
and in return "she" personally tells "him"
she would go.

If the students want to go to the date
movie they have to okay rules and stay off
the dorm arcades and steps.

We all hope this date movie business goes
on until the end of the year and we're all
hoping that everyone gets a chance to go.

....Blanche

VALENTINE DANCE

The Valentine Dance which was held on
February 12th, lasted from 7 p.m. until 9:00
p.m. Each couple that danced was given a
bag of candy, but only for the first few
dances.

Later in the evening, the students lined
up for refreshments and after that came the
crowning of the queen and king. We are all
proud to say that our queen was GAIL SHERMAN
from Nome, Alaska, and our king was LARRY
EVANOFF from Chenega, Alaska. The couple
who got the next highest votes or Gail and
Larry's assistants were Mary Cooper and
Robert Adams both from Kotzebue, Alaska.

Later the dance started at its regular
routine and everybody seemed to be enjoying
themselves.

....Vivian

GROUP E

SPRING AND HOME

Soon it will be spring! The days here are getting longer and longer.

In April we are going to get ready for home! In May we will have picnics and have races outdoors. On May 24th school will be out.

...Margaret Elachik

We will be going home soon. There are only two and a half more months.

The days are speeding by, while we work and play. It is fun when the days are going fast, because it is getting closer for us to go home.

At home the snow will be melting. Maybe even the ice will be running down the river.

...Sarah Wood

As we all know "Going Home" is just around the corner, and all are getting excited, and wondering what we are going to do and say when we see our parents for the first time since nine months ago.

Some of the kids won't be coming back and some of them will. Some of the kids will be going to Mt. Edgumbe, Chemawa Indian School, and others will be lucky to have a highschool in their own hometowns, like Kotzebue, and Point Barrow.

Still others might be dropped out from school because they can't live with others, and I hope this doesn't happen.

...Daniel Douglas

ALL WRONG

Larry: I didn't think I would ever vote for Mary Moxie for President.

Mark: Neither would I. Who would want to see the first baseball of the season thrown out underhand?

KNOCK KNOCK

Who's there?

Oswald.

Oswald who?

Oswald my bubble gum.

BRAIN TALK

Mark: Mary are you smart in school.

Mary Moxie: Smarter than you.

Mark: Okay then, Mary will you use the word lariat in a sentence?

Mary Moxie: I've been running as fast as I could, but I haven't caught Larry Evanoff yet.

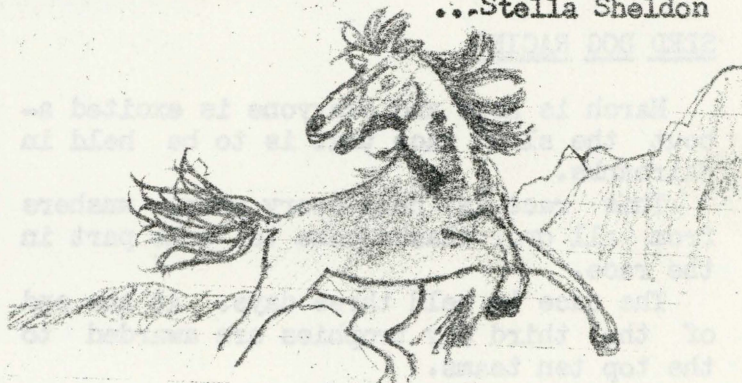

...Daniel Douglas

KING AND QUEEN

Last month the boys and girls voted for the King and Queen. The girls voted for the King, and the boys for the Queen.

On the 13th of February we went to the Valentine Dance. Thirteen and older were invited. They had refreshments and the dance. Then Mr. Ryll came up and told us who the King and Queen were. The Queen was Gail Sherman, and the King, Larry Evanoff. They looked real cute.

...Stella Sheldon

THE MUSTANG

The word mustang is a Spanish word which means running wild, he's wild as a tornado, tearing through prairies and foothills. They are Spanish horses, and were brought to Mexico by captain Cortez. The horse values most of his freedom.... is described as being great racers, fast restless creatures. There was room to roam on the plains, to live like the true wild horses. The wild mustangs loved liberty. Some were wild and they could never be tamed, and they became the bucking broncos of the Wild West Shows.

....Karen Mixsooke

OLD FRIENDS

I was glad when the Walkers came to Wrangell Institute. Mrs. Walker is our new principal. She has taken Mr. Sorenson's place, at the principal's office.

I've known Mrs. Walker and her family for a long time. I was at Lower Kalskag when I met her sons, Bruce and Wayne Walker. Since then, I have never seen them until now. I only saw Mrs. Walker when we were coming to Wrangell Institute. I saw her at Bethel, Alaska. Now I have two of my old friends back.

...Ted Smith

HOME BOUND

Many kids have been impatient about waiting to go home and are counting the days to see how many more there are until we will be going home.

They have been waiting for February to pass. Now they are waiting for March to pass, because they know it will be an exciting trip when they are bound for "home."

...Charles Greene

SLED DOG RACING

March is here and everyone is excited about the sled race that is to be held in Fairbanks.

This race is held every year, mushers from all over Alaska come to take part in the race.

The race is held three days. At the end of the third day trophies are awarded to the top ten teams.

Besides the races, other events take place.

Every musher is looking forward to the race.

...Larry Charlie

SECTIONS TO BE CHANGED

On March 4, all the girls are going to change sections. They will be staying with the girls whom they will choose for the next three months. Some girls chose their best girlfriends so they can have the time to be with them more before going home.

...Jane Larkin

LN GR

DIFFERENT TEACHERS

The last few weeks the teachers have been changing shifts. Our geography teacher is now Mrs. Bashelier. Mrs. Heflbower once was our geography teacher.

Also we have a different reading teacher, who is Mr. Winningham. Mrs. Bashelier taught reading when she first came. Well, it makes a lot of difference when the teachers change.

...Lilly Neakok

BOY'S DORM HAD PLAY

The boy's dorm put on a play. The play was about tricks, singing, and jokes. The most popular or best scene was a shadow act called operation. Leon Bolt, Frank Macafferty, Charles Greene, and some other boys were in it. Leon Bolt was the patient. His stomach was cut open and a long string was pulled out. We sure enjoyed the play. We are looking forward to putting some more plays on.

....Jacob Malavansky

HIKE ON SATURDAY

Last Saturday, Mrs. Ness, one of our aids, took us on a hike.

When we came to a store, she went in and came out with candies. After she passed out candy for each girl, we started back for the Institute.

I guess every one had a good time.

....Mary Moxie

HOME COMING

The snow is melting and spring is near. So wait your turn and have no fear. For you'll be home in such a short days. That someday you'll soon say it pays. So let's sit tight, and you'll be homeward on your flight.

....Kathy Cristo

Wrangell Eagle, March 1965

THE EMERALD ISLE

This is the month we celebrate St. Patrick's Day on honor of a saint named Patrick.

We have been studying Ireland in Social Studies. It is divided into two parts. The names of the parts are Northern Ireland and The Republic of Ireland. Northern Ireland belongs to the United Kingdom. It is famous for its linen. The Republic of Ireland has its own government. It covers most of the island. Its capital is Dublin.

....Frank Prince

VISITOR FROM AFRICA

Mr. Maxwell Zingnai, of Malawi, Central Africa, came out to the Institute on Wednesday, March 3, to talk to students and to visit the classrooms.

He flew from Africa to London, New York, San Francisco and then to Alaska. He left on Thursday for Juneau.

The main food of his people is corn. They also have some meat from cows, goats, and chickens. They have fish, also, but he couldn't tell us what kind, because he couldn't say it in English.

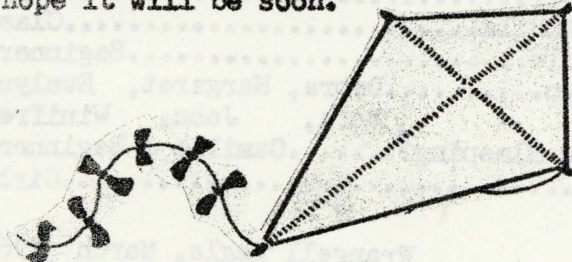

He said that many people out there don't know how to read or write. Many are poor and don't have any money.

He asked us to help them in the best way we can. If we get an education and plan to be able to go over to Africa and help teach them.

....Balassa Ann Nick

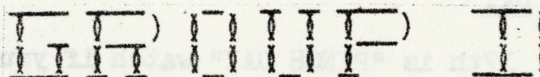

STUDENTS LEAVE FOR MT. EDGECEMBEE

Some students have left for the hospital. Wednesday Carol Gurtler, from Ruby left. Last week Vera Baldwin and Bert Adams from Kivalina also went to the hospital. We do not know when they are coming back, but we hope it will be soon.

The students who were supposed to leave February 8th still have not gone. The nurse thinks they will leave March 8. We hope they leave soon so they will be back in school and also for the tests. These students are Martina Ahlalook, Larry Charlie, Lucy Hank and Frank Jones.

....Lucy Hank

SRA IS FUN

We have started the S.R.A. reading laboratory few days ago. My color was blue. The others were colored orange, olive, blue and brown. We have fun doing S.R.A. It helps us read better and understand what we read. Anyway it's lots of fun doing it.

...Justina Prince

SPRING IS COMING

Spring will soon be here. In Spring we hear birds sing. The grass is green and the boys and girls are outside. Mr. Old Sun is up. We have ten more weeks before we go home. So have fun while you are here.

....Eunice Ruhl

THE WOLVES ARE COMING

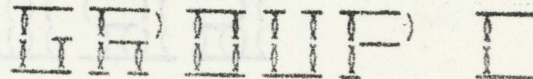

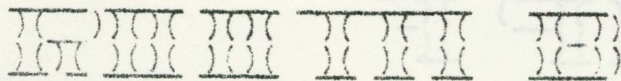

This month there is going to be a basketball game between the town Baby Wolves and the Wrangell Baby Eagles. The game will be on March 13, in the gym. The town Wolves will come out and eat dinner with us.

....Eugene Asicksik

WINDOWS BREAKING

Too many windows are being broken in the boy's dorm--mostly by snowballs..I hope windows won't be broken anymore now that the snow is going away. Money is being spent on the broken windows when that money could be buying recreation things or something else. So let's stop breaking windows.

.....William Hall

TOWN SHOPPING

There are many pretty things in town to buy. On my first shopping trip I bought popcorn and candy.

.....John Lamont

PINCH DAY

March 17th is "PINCH DAY" watch if you are not wearing any green.

.....Martha Macar

MOVIES

We have movies on Friday night and Sunday night in the gym. I like to go to the movie.

.....Elizabeth Charlie

BOOKS

We have good books at school I like to read good books. On Thursday we have word books. I like to read library books too.

.....Juanita Lamont

MUSIC

We have learned several songs. I like to sing and listen to good music.

.....Bernice Zaukar

REWARD

When we read our lesson well our teacher puts a star by our name on the Achievement roll. I hope to get several stars.

.....Julius Rapheal

ON THE BEACH

We went down on the beach to look for rocks. There are different kinds of rocks on the beach. I found several pretty rocks on the beach.

.....Leonard Elachik

Mr. Zingnai visited our classroom. He came all the way from Africa. He showed us his home on the map. By the time he reached Alaska he had traveled halfway around the World. Mr. Zingnai was intersted in what we were doing so we showed him our papers. He said we wrote nicely and that our papers were neat. We felt good when he said that.

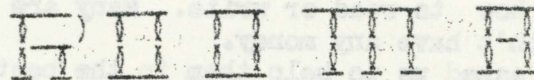

.....Annie Alexie

We are getting the plants in our classroom ready for spring. We transplanted some. We put them in clean pots with fresh soil. We took off all the dead leaves. WE gave them plant food. We do not overwater our plants. They need a lot of sunshine now. We hope to have pretty flowers by May.

.....Anna Williams

We made up a new game in our room. Once a week one of us get to be teacher. This is for one period. We choose the subject we like best. Frank Jones chose spelling and Anna Williams chose reading. This was fun. Both did well.

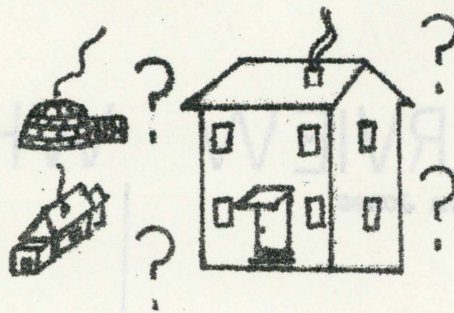

.....Aurelia Afcan

WHO'S WHO?

Vivian Duncan

This particular girl is one of our most popular girls here at Wrangell Institute. Her home room is Room G and she takes an active part in most of our activities. One time she was on a desert trying to reach a cup of water (in our Girls Dorm Assembly). She is a nice girl, has a nice personality and also has good looks. You will most likely see her with R.F. or "L.E."

Who is she??????

This particular boy has been here at Wrangell Institute for two years and is one of our best basketball players. He is from Room J and is also seen a lot with L.E. His favorite sayings are "Don't worry about it" and "I know it." He is usually seen winking at girls or playing basketball.

Who is he??????

SPORTS

Larry Evanoff

On Thursday, 25th of January, the boys of Room J and G held their tournament. Room G and I played the first game. The game was in favor of Room I, 30 to 29.

The next game was held between G and J. The game was in favor of Room J, 60 to 8.

The next game was held between I and J, and this was the final game. This game was also in favor of Room J, 50 to 18.

Room J showed good playing and came in far first place.

P.E. CLASSES

After the tournament, the boys are starting to play a new game called Speed Ball. It is a game of several different games put together.

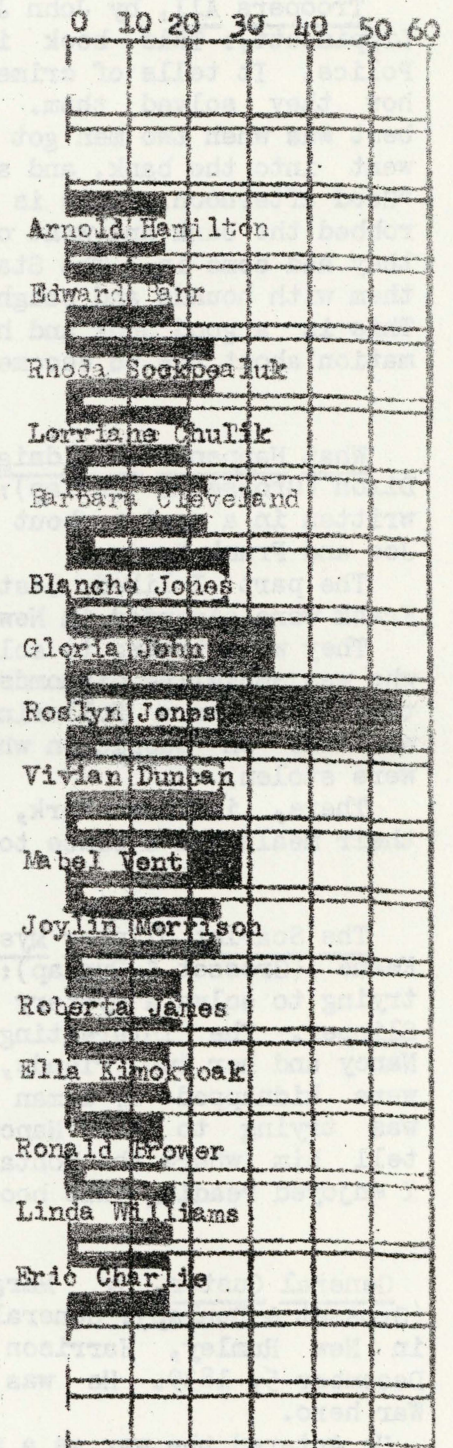

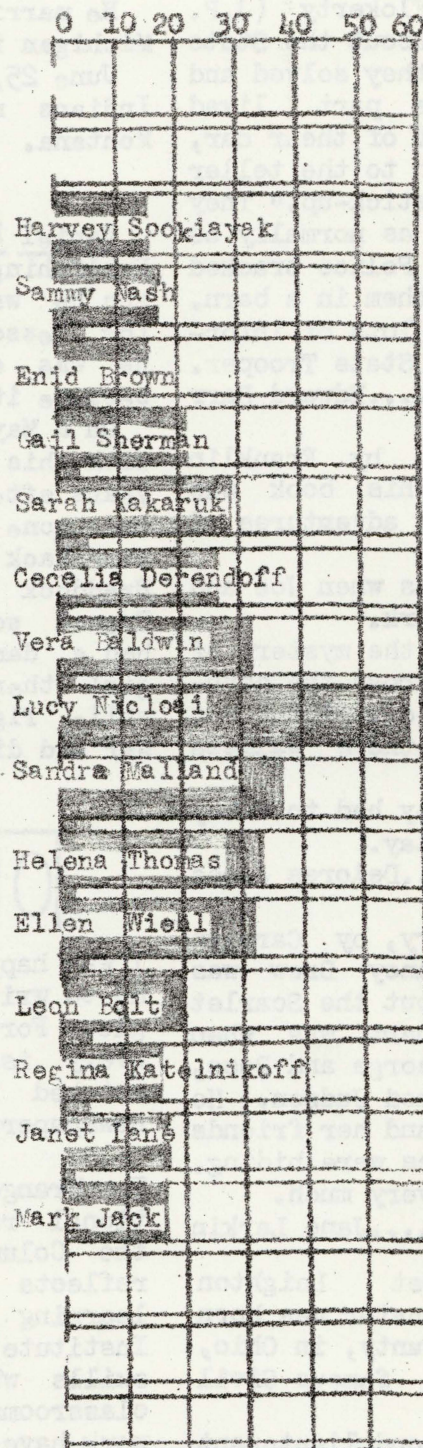

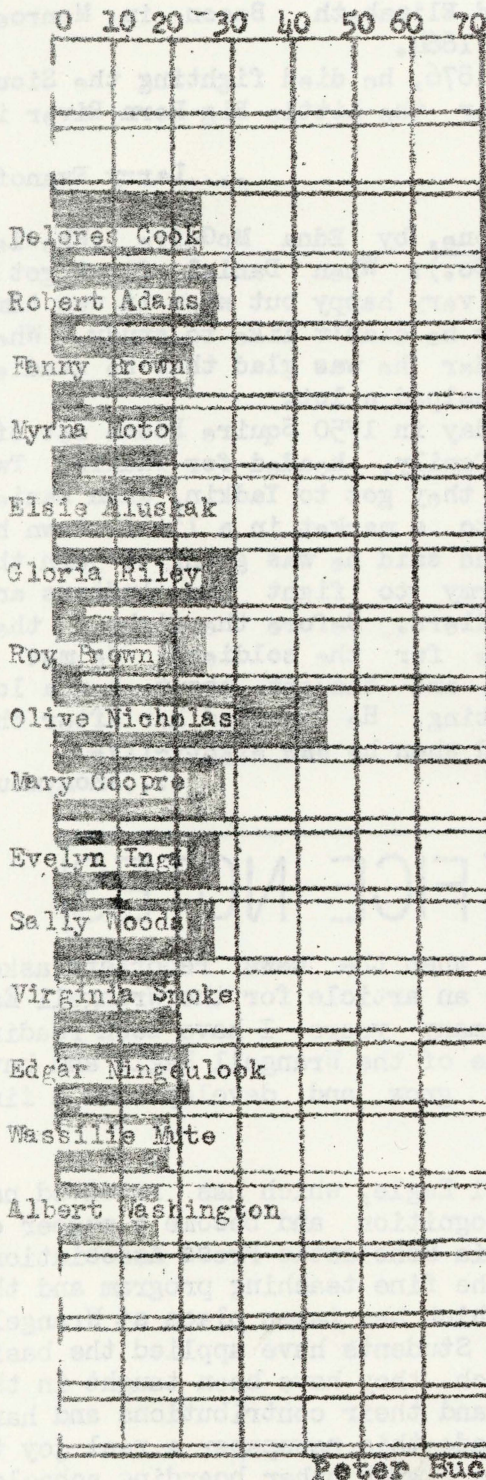

RS

BOOK REVIEWS

Delores Cook

Troopers All, by John J. Flokerty (J.P. Lippincott): This book is about the State Police. It tells of crimes they solved and how they solved them. The part I liked best was when two men got out of their car, went into the bank, and said to the teller "Good afternoon...this is a stick-up." They robbed the bank and went out as normally as they had come in. The State Police tracked them with hounds and caught them in a barn. This is a good book and has lots of information about how to become a State Trooper.
....Edward Barr

What Happened at Midnight, by Franklin Dixon (Grosset & Dunlap): This book was written in a series about the adventures of Joe and Frank Hardy.

The part I liked best was when Joe and Frank were stranded in New York.

They were trying to solve the mystery of who was smuggling diamonds across the country. They were following one of the men who was on suspicion when their wallets were stolen.

There, in New York, they had to buy their meals and a place to stay.

....Delores Jones

The Scarlet Slipper Mystery, by Carolyn Keene (Grosset & Dunlap): Nancy Drew was trying to solve a mystery about the Scarlet Slipper. The interesting part was when Nancy and her two friends, George and Bess, were kidnapped by a man named Judson. He was trying to make Nancy and her friends tell him where the Fontaines were hiding. I enjoyed reading this book very much.

....Jane Larkin

General Custer, by Margaret Leighton (Grosset & Dunlap): General Custer was born in New Rumley, Harrison County, in Ohio, December 5, 1839. He was a famous Civil War hero.

He entered the war as a second lieutenant in the Union Army in 1861. Later he was promoted to the rank of captain and an aide for General McClellan. In 1863 he became Brigadier General of volunteers.

He married Elizabeth Bacon in Monroe, Michigan in 1864.

June 25, 1876, he died fighting the Sioux Indians near the Little Big Horn River in Montana.

....Larry Evanoff

Daniel Boone, by Edna McGuire (Wheeler Publishing Co.): When Daniel first got a gun he was very happy but when it was time for lessons he didn't like to study. When he was older he was glad that he studied because it helped a lot.

On a May day in 1750 Squire Boone set off with his family, headed for Yadkin. Two years after they got to Yadkin, when Daniel had gone to a market in a little town he came back and said he was going to join the Braddock army to fight the Indians and French soldiers. Before the fight they had a dance for the soldiers. He met a girl there and thought about her a lot while fighting. He married her after the war and died when he was eighty-five.

....Anonymous

OFFICE NOTES

I was happy when the news reporters asked me to write an article for the Wrangell Eagle. For many years I have been reading every issue of the Wrangell Eagle and have watched it grow and develop into a fine newspaper.

The Wrangell Eagle, which has received national recognition and become a member of the Columbia Scholastic Press Association, reflects the fine teaching program and the learning which has taken place at Wrangell Institute. Students have applied the basic skills which they have been taught in the classrooms and their contributions and hard work have made this newspaper a real joy to read and share with other boarding schools, agencies and our villages.

Mrs. Lillian D. Walker
Principal

FRESHMAN TELLS

DROPOUT

Mr. Curtis put up a bulletin called "When I'm old enough--Good-bye?" This is when you are old enough will you drop out? These are some of the "whats" you will face if you plan to drop out of school. If you dropout you will find it hard to do anything. No job, no friends, no money. What will you do there?

....Ronald Brower

GAMES FOR GIRLS ONLY IN REC ROOM

After the movie on Friday, girls went to the Rec room and started doing exercises, playing ping-pong, dancing, and other things. Some of the girls had a "Leg War," were "breaking arms" (that's just the name), and other games to see who could beat whom. It was loads of fun and many of the girls learned different dances too. We are hoping that we will be able to have this "Girls Only Game Night" in the future. We were told that if we were quiet after "lights out" we would be allowed to have them. So girls, let's show them we can be quiet so we will be able to have our game night!

....Mary Cooper

FILM AND SLIDE SHOWN

When the Episcopal students have religious instructions they usually see filmstrips about Jesus or sometimes they are about Jimney the Cricket. Jimeny tells a story and Father Caum, the new preacher, lets the students tell him the moral of the story.

This last Tuesday he didn't order a filmstrip so he showed some of his slides. They were some he took of the villages. He also had some of the mushers in Fairbanks. There were Jerry Riley, Dr. Lombard, Beattus Moses, Lester Sam and some others. It was good to see someone from back home.

When the musher, Jerry Riley, and his handler are going home they might stop and stay over night at Wrangell. I think it would be nice to see someone from back home.

....Linda Williams

BEWARE OF BIG TESTS

Sometime during the last of March, there will be achievement tests for the students. It will be a tough one so study hard during the few weeks before it comes. But it will not be tough for students who always understand their work which they have been doing through this time.

The average grade will tell us where we will go this fall so try your best and good luck.

....Lucy Nicolai

BOYS DORM PRESENTS PROGRAM

February 26 was the night when the Boys Dorm Council put on an assembly program. It was made up of singing, playing the guitar and drums, some jokes, and also a few skits which the kids thought were very good.

Mr. Ryll said that he thought the skits were good. He even said he hopes to put on another assembly sometimes in April. Everyone hopes he will.

....Frank McCafferty

INSTITUTE GIRLS VS. TOWN GIRLS

About a month ago, the gym was just packed with students in all three doors and on the stage to watch the Institute girls play volleyball against 16 town girls. We were divided into two groups.

We played five games and won everyone of them. It was real exciting! I guess the boys yelled and screamed as much as the girls did.

We really don't know if it was skill or just luck for winning all five games. We all hope to find out by playing them again in the near future but in their gym.

...Blanche Jones

ROOM A ASSEMBLY ENTERTAINING

On February 26, Room A presented an assembly at the gym. Their assembly was quite interesting. All the small kids knew their parts also their songs very well. Everyone enjoyed it very much.

....John Sinnok

TEACHERS COME TEACHERS GO

During this past school year we had five geography teachers.

Our first teacher was Mr. Kuckuck. Then after about three months of teaching he decided to retire. Then Mr. Sorenson had to take over with Mr. Watkins assisting him when he was not so busy with the work in his office.

After several weeks of teaching, Mr. Sorenson was transferred to Chemawa, Oregon, where he was to work at the Chemawa Indian School.

Mrs. Heflebower was our next teacher. She taught for several weeks then she had to take Mrs. Gilkison's place because she retired due to poor health.

Mrs. Bashelier is now our geography teacher. The classes hope that she is the last geography teacher for the year.

...Lucy Ningeulock

BOOK REPORTS OF THE MONTH

The Book Reports of the Month were as follows:

Mary Cooper- Room J

Ruth Ferguson- Room I

Sandra Malland- Room G

Mary's report was on "The Land and People of Spain."

Ruth's report was on "Little People of Japan."

Sandra's report was "Callie to the Rescue."

These reports were all interesting. Next month we wish to have more interesting reports. So far every report that was real good. We all hope everyone keeps up the good work.

....Sandra Malland

GEOGRAPHY FUN

Henry: Who's our new teacher?

Mrs. B: She is standing in front of you.

Mrs. B: I hope that I don't see any F's.

Henry: Don't give us any then.

Mrs. B: Norwegian names mostly end in "sen" or "son", for instance, like Stevenson, and Petersen. They are like Steven's son and Peter's son.

Peter: Just like Frankson.

...Lucy Nicolai

SPRING AROUND THE CORNER

Spring is just around the corner and every student is all happy about it because when spring comes it means we will be going home soon.

It is the happiest season of the year for us and later on during this season we'll be having spring fever. It will be hard to sit in class when the sun is shining and the hot class rooms.

The teachers will have a hard time trying to keep our attention from looking out the window. Some are already day dreaming about home. I know it because I was here last year and it is very hard to sit still on that chair.

But don't take my word for having sunshine all the time because it's not always the same. I hope that everyone enjoys spring at Wrangell. Make the best of it even though it isn't the same compared to your hometown. You might as well get use to it now because you won't be home the beginning of spring all your life.

....Barbara Cleveland

MOVIE IN TOWN

On Feb. 20, some students attended an interesting movie in town. Because so many of us like Elvis Presley everyone wanted to go, but only 50 boys and 50 girls could go. All the students that signed up could not go but their friends went so they got to know what the movie was about. The name of the movie was "It Happened at the World's Fair." It was quite humorous and all the students enjoyed seeing their wonderful singer starring in it.Virginia Smoke

CHANGE SECTIONS & ROOMMATES AT GIRLS DORM

The girls will be given the opportunity to choose sectionmates for the next section change. They were all happy to be able to choose their roommates, so they could stay with each other until it's time for everyone to leave for home. Some girls won't get to see each other all summer, so it's an excellent way to spend the last few months of the school year together. But, the matrons said that if the girls don't stop visiting in other girls' sections they won't be able to change sections for awhile. The girls just hope it won't be delayed. They are all looking forward to staying with their friends again.

...Sally Woods
